CLASSIFICATION: UNCLASSIFIED

Michael,

Thanks!! What is the Juneau Access Improvement Project? Is that the same as Juneau Access Road?

VR  
Dave

David S. Hobbie

Subject: [EXTERNAL] RE: Meeting (UNCLASSIFIED)

David,

Here are the attendee names:

Dennis McLerran, Regional Administrator; Dianne Soderlund, Director of the Alaska Operations Office; and David Allnutt, Director of the Office of Ecosystems, Tribal and Public Affairs (ETPA) will be attending in person

Linda Anderson-Carnahan, Associate Director of ETPA; Teena Littleton, manager of the Environmental Review and Sediment Management Unit (NEPA and MPRSA); and Michael Szerlog, manager of the Aquatic Resources Unit (CWA 404 program) will attend via telephone.

Here are some Key Issues that may come up in the conversations (assume you have some you can share with me?):

- 1) Building/maintaining relationships
- 2) Continuing to improve Compensatory Mitigation
- 3) Enhancing coordination efforts regarding permitting
- 4) Collaborating on General Permits
- 5) Working together to implement rules, guidance, and presidential memos

Besides the key issues above, there are key large-scale development projects that may come up, including:

1. Chuitna Coal Mine:
2. Donlin Gold Mine Project:

3. Alaska Liquefied Natural Gas Pipeline Project:
4. Alaska Stand Alone Pipeline Project:
5. Liberty Island Oil/Gas Development Project:
6. The Susitna-Watana Hydroelectric Project:

Controversial Issues still unresolved:

1. The Juneau Access Improvement Project - dispute resolution:
2. The Conservation Fund In-Lie Fee Program - dispute resolution:

Thanks

Michael J. Szerlog, Manager

Michael,

Attempting to prepare my Commander for the meeting on the 9th of February, can you please provide me a final list of attendees (with bio's if possible) and a list of topics to be discussed?

VR
